Dear Ms. Simpson:

May I respectfully request that you investigate and negotiate with TV Guide Channel which is monopolizing more than half the screen with commercials and, in my opinion, mediocre programming.

It is my understanding that the main purpose of this channel is to provide a menu of up-coming programs in large print for viewers to read especially if they are hard of hearing or near-sighted.

If the FCC is in a position to order TV Guide to provide more space and larger print to show the menu, it would be a great service and blessing to thousands of viewers.

Thank you for your consideration and assistance.

Gratefully,

*Marilyn Sipiora*
